Kim Turner, YMCA Host Homes Project

The YMCA of Greater Seattle is the largest provider of housing for homeless young adults in King County. Host Homes King County is a housing program that supports youth and young adults, ages 12-24, who are experiencing homelessness or housing instability in King County. We match participants with hosts in their community who provide short-term, stable housing for up to six months. During that time, the participant receives weekly case management focused on their goals and finding their own permanent housing. Hosts receive a monthly stipend, as well as training and ongoing support from program staff.

Kim is originally from the East Coast (Maryland, go Terps!) and have lived in Washington for 3 years. She loves animals, reading, dancing, and travelling. Kim has worked for the YMCA for almost 5 years, starting out as a camp counselor at Camp Terry in Issaquah, then going on to be a director of the camp and a supervisor for school-aged child-care programs. She has worked at the Accelerator YMCA as the Host Homes Recruiter for six months, doing outreach and spreading the word about the program all across King County, as well as recruiting and training hosts

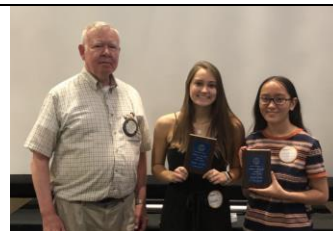

We will be marching in the [Redmond Derby Days](#) parade for the 3rd year in a row. [Click here](#) for day of event planning details.
