Jan Hanson, Founder, 200 Orphanages

200 Orphanages helps provide safety, shelter, and sustainability for orphans because every orphan deserves a safe place to call home.

For the past ten years, generous donors have helped Jan's team complete 50 projects in 17 countries for 16 partners. From clean water wells, to latrines, to dormitories and security walls. Each day, 200 Orphanages does something to make the life of an orphan just a bit brighter. You can help, too! Will you consider adopting a project today to help a child have safety, shelter and sustainability?

We can't do it all, but we can all do something. Jan will be giving us an update on 200 Orphanages various projects. Learn how you can find your something to help an orphan today!

Angela Birney

For Mayor

Connecting Redmond

As City Council President and a 20-year resident, Angela will bring her experience to the Redmond Mayor's Office. Angela will focus on livability, environment, and community so Redmond will remain a wonderful place where all can thrive. Angela is respected in our community and region and is endorsed by many of Redmond's elected leaders, King County Executive Dow Constantine, and dozens more elected officials and organizations. Learn more at ElectAngelaBirney.com or come to our 7/25 meeting to see her in person.
