Welcome to Redmond Rotary

Civic minded leaders helping our community and our world be a better place to live, learn, work and play

10/24 Meeting: Robert and LaRelle Catherman

Medrix was a recipient of Rotary Club's support in Safe Water and we would like to give you an update. MEDRIX training courses and heart surgery grants for children who need life saving heart surgeries.

MEDRIX, is an acronym for Medical, Education, Development of Resources and International Exchange. MEDRIX is a 501-c-3 and an International Non-government organization registered in Vietnam. MEDRIX is an all-volunteer organization. The MEDRIX home office is in Redmond, with a field office in Vietnam. Incorporated in April 2000. MEDRIX has been serving the people of Vietnam since that time. Robert is a Meteorologist by education and LaRelle is a nurse educator. They live in Woodinville, and are the parents of two adult sons, and 5 (nearly) adult grandchildren and one slightly eccentric dog named Einstein. Robert enjoys coffee, gardening vegetables and berries, riding his motorcycle on the back roads of the local area, and eating maple bars. He attends one class a quarter at the University of Washington – usually in an area of GIS mapping, geology or other fields that will lend to his work "Open Source GIS" for Scientific Mapping in Vietnam. He also teaches at the University of Science and Technology in Hue, Vietnam.

LaRelle on the other hand loves nursing and advancing the nursing care in Vietnam to meet global standards. She has taught for nursing schools at Shoreline, Seattle Pacific University, Northwest University and Azusa Pacific. Her specialty is in patient advocacy (particularly for children of vulnerable populations) and policy development for Vietnam hospitals. She loves gardening design and flowers, warm weather, scenic water sights and cinnamon rolls. Einstein is her constant companion when she is home.

10/31 Meeting - Party Time!

By popular demand, our Oct 31st meeting will be a Halloween costume party; a pause to celebrate and have some fun socializing. Plan on dressing up in your favorite costume. Same place, same time. Hyatt, 12 noon.

11/14 Veterans Celebration

We have a special meeting planned for this date to honor veterans in our community. Free lunch will be provided to veterans. The speaker is former Army Ranger, Dr. Tony Brooks, author of the upcoming book, "*Leave No Man Behind*". Dr. Brooks tells his story about the daring rescue that led to the major motion picture *The Lone Survivor*, starring Mark Wahlberg. In the summer of 2005, Dr. Tony Brooks was a member of the vaunted and secretive 75th Ranger Regiment in Afghanistan. On the very first mission of his career, he was tasked with the rescue and recovery of a downed chinook helicopter carrying 16 service members and a missing 4 man Navy SEAL reconnaissance team that included the *Lone Survivor*. For the first time, Dr. Tony Brooks will share the story of the 75th Ranger Regiment in this storied rescue with our local community. He will also touch on teamwork, collaboration and the importance of serving something greater than self in celebration of our nation's veterans. www.drtonybrooks.com. Click [here to RSVP](#).

Want to make a difference?

Join Redmond Rotary

If you want to meet interesting people, making new friends, hear stimulating speakers and be involved with great service projects that truly make a difference, Redmond Rotary is for you. We invite you to attend a meeting and have a complimentary lunch on us. We meet every Thursday: Noon- 1:30pm
Redmond Hyatt
15785 Bear Creek Pkwy NE
