**September 12th Speaker, Cary Young**

Sammamish Rotary member, Cary Young, will be discussing how our club can help them create another hugely successful "Nightmare at Beaver Lake" event loved by so many children throughout the eastside. Our volunteer efforts on this project will result in \$15 per hour going towards our foundation's fundraising efforts.

Cary has had a varied work and community service history starting with research in the field of Molecular Biology. She received her Ph.D. from the University of Connecticut in Cellular and Molecular Biology. Cary and her husband Chris moved to the Seattle area where Cary worked as a researcher at the Fred Hutchinson Research Center. She then jumped to the business side of Biotechnology and worked as an executive recruiter for biotechnology and medically related industries. After leaving the business world to focus on raising her children, Cary became active in fundraising for Seattle Children's Hospital. She served 9 years as a Trustee on the Seattle Children's Hospital Guild Association Board of Trustees.

Cary was Fundraising Chair at Children's Hospital Guild Association for three years. Cary then served as the Executive Director of the SAMMI Awards, a small nonprofit whose mission included recognizing and inspiring community service and volunteerism in Sammamish.

Through her work at the SAMMI Awards Cary discovered the Rotary. She joined the Sammamish Rotary in 2010 and has served as Secretary, PR Chair, President, Foundation Chair, Assistant Governor for Rotary District 5030, and is currently the 5030 District Conference Chair for 2020.

Cary's favorite activities at the Nightmare are set design and acting.

"I love Rotary because I am surrounded by people who are committed to serving their community. Together we can accomplish so much more than we can as individuals."
